## Copyright Assignment

I, ....., as a member of the Friends of Toowong Cemetery Association Inc. (the Association), assign copyright to the Association of all original work I contribute and request the Association to publish.

I understand that once contributed, the decision for that contribution cannot be revoked and that I give up all control of how the work will be used.

I understand that the Association intends to publish my contributions under a Creative Commons Attribution 4.0 International licence<sup>1</sup> so others can reuse the work without asking permission as long as they attribute the Association.

I understand that I retain the moral right to be attributed as the author of the work. My preference is for all work I contribute, that the Association:

- ☐ attributes me as the author of the work, or
- ☐ keeps my contributions anonymous
